"In continuation of my letter No.C.C.359/23-24 dated 29th -- February last, I have the honor to state that the estimate as ---- scrutinised by the Executive Engineer, amounts to Rs.3287/- for the repairs of the Vasishtasrama Ganapathi temple at Kalasa.

I inspected the temple on the13th April 1924 with the Amildar and some of the residents of Kalasa. Though the reconstruction on a decent scale, of the Ganapathi temple brought down to the ground by the recent floods, is eminently desirable, I do not think, the expenditure of such of a large amount as Rs.3287/- out of the Kalasa - temple funds is worth incurring at the present moment. The water supply to Kalasa is a long-felt want and with that large scheme in sight, the temple resources will have to be conserved.

The flood damage has been estimated at Rs.350/-. The --- estimate, as now prepared, provides for not merely the reconstruction of the Garbhagriha, but also, a hall for santarpane and verandah. This temple is situated close to the river, about a mile from the village of Kalasa. I understand that the Ootsava Vigraha of the Kalaseswara is taken to the place only once a year, when a number of people are expected to congregate there. After personal ---- inspection and due consideration of the local needs, I have proposed that, for the present only the Garbha Griha need be built with a -- small verandah costing in the aggregate about Rs.500/- and that the rest of the proposals be deferred. The Amildar has been asked to submit a revised plan and estimate accordingly in consultation with the Dharmadarsis. On receipt of the same necessary further action

will be taken."

There is no urgency about this.

Report No.252 dated 2nd instant frm the Amildar of Mudigere Taluk to the Deputy Commissioner, Kadur District.

"I regret very much I could not submit my report earlier as I was laid up with fever, The temple of Sri Kalaseswara Swami is situated on a hillock about a mile and that of Girija Amma about ¾ mile away from the Bhadra and no damage whatsoever has been caused to these temples by the floods. It is only the temple of Ganapathi at Vasishtasrama which is situated at a distance of a few yards from the bank of the river that suffered from the floods and I have submitted a revised estimate with No.238 dated 8-5-24 for Rs.550/- for reconstruction of the Garbhagriha after the temple was inspected by the Deputy Commissioner on 13-4-24. I am not able to find out from my reports how I gave room for the impression that the temple of Sri Kalaseswara Swami had been affected by the floods."
